Senate Concurrent Resolution No. 13

Senator Redditt offered the following resolution:

Whereas, The present County and District road indebtedness in the

State of Texas amounts to a sum of approximately One Hundred Seventy-five Million (\$175,000,000.00) Dollars, maturing in various amounts annually up to the year 1973, and bearing interest of an average rate in excess of Five Per Cent (5%); and

Whereas, The State of Texas is now setting aside one cent from the State Gasoline Tax, which is applied toward servicing approximately Fifty-four Per Cent (54%) of this indebtedness which has been determined as having been spent on State Highways; and the Counties and Road Districts are servicing the balance of the indebtedness through the levying of taxes in the respective counties and road districts; and

Whereas, The total tax burden, required to pay principal and interest on this indebtedness, is unduly heavy and burdensome to the tax payers; and

Whereas, It may be possible to reduce the interest on the road indebtedness under an equitable plan, satisfactory to the holders of the indebtedness and lessen the burden to the tax payers, and release additional funds for additional highway construction; and

Whereas, It has been necessary for the several counties and road districts to refund annually large portions of maturing principal amounts, thus extending interest payments over many years into the future, and thus continuing the heavy burden on future tax payers; now, therefore, be it

Resolved, by the Senate of Texas, the House of Representatives concurring, That the State Highway Commission of the State of Texas, and the Board of County and District Road Indebtedness are hereby authorized, empowered and directed to conduct, and cause to be conducted, an investigation of the ways and means of reducing, if possible, the annual burden of the present county and district road indebtedness in the State, by means of a comprehensive re-organization program of the debt structure, or by changes in methods of administration, or by such other means as may be found to be economical and feasible, consistent with the maintenance of the credit of the State of Texas, and of its political subdivisions; be it further

Resolved, That the State Highway Commission and the Board of County and District Road Indebtedness are

directed, after such investigation, to file a report, setting forth its findings and recommendations with both Houses of the Legislature and the Governor of Texas, not later than January First, 1939.

WEINERT,
REDDITT.
